Experience

UX/UI and Graphic Designer

Hogash Studio | Hybrid (Bucharest, RO) | March 2015 – November 2022

During my time at Hogash, I've been in charge in crafting numerous demos for their WordPress theme, Kallyas. My design expertise extends to backend interfaces and marketing assets. Additionally, I played a pivotal role as a UX/UI designer for Zion Builder, their flagship product in the WordPress ecosystem. Zion Builder competes directly with industry-leading builders like Elementor, Bricks, Divi, Breakdance, and Brizy, where I contributed my skills to elevate its user experience and interface design.

Brand Designer

WP White Security | Remote (Rotterdam, NL) | March 2022 – November 2022

I created visual designs adeptly conveying both product functionality and brand identity, including web layouts, social media ads, presentations, and various print materials.

UX/UI, WordPress Development

Kline Innovation | Remote (Bucharest, RO) | August 2019 – February 2020

Led the UX/UI design and WordPress development for a car exhaust website, seamlessly blending aesthetics with functionality. From crafting intuitive user interfaces to implementing a user-centric design approach, I played a pivotal role in enhancing the overall digital experience. This project allowed me to leverage my skills in both design and development to create a dynamic and engaging online presence.

Web Designer

Polish Citizenship | Remote (Warsaw, PL) | June 2018 – September 2018

During my time at Polish Citizenship, I was responsibile for enhancing the overall aesthetics of their website, consistently maintaining and refining its visual appeal. Additionally, I actively contributed by crafting new page designs and developing engaging social ads to augment the online presence.
